STUDENT SUCCESS**

4-Year Colleges & Universities

- More competitive admissions than most other post-secondary options
- Factors for college admission consideration:

Download
Senior Packet

Rigor of classes, final grades/GPA, test scores (SAT/ACT), extracurricular activities, essays, letters of recommendation, demonstrated interest

- On average, it takes a student four years to complete after matriculation from high school
- Best to build a college list, with recommendations to include 1-2 “reach schools”, 2-3 “match schools” and at least 1 “safety school”.
- **Reach:** Your academic credentials *fall below* the school’s middle 50% range for the freshman class
- **Match:** Your academic credentials *fall within or perhaps slightly exceed* the school’s middle 50% range for the freshman class
- **Safety:** Your academic credentials *exceed* the school’s middle 50% range for the freshman class, nearly guaranteeing admission
- Check the school’s admission requirements by visiting the school’s website, as requirements vary from school to school and year to year

4-Year Colleges & Universities

- SAT/ACT test scores are usually required, with explicit score minimums.
- For admission for Fall 2026 and later, SAT or ACT scores will be required for:
 - University of Georgia
 - Georgia Tech
 - Georgia State University
 - Augusta University
 - Kennesaw State University
 - Georgia Southern University
 - Georgia College & State University

Test scores will continue to be required to apply for Zell Miller scholarships in accordance with state of Georgia requirements.

2-Year & Technical Colleges

- HS diploma or GED required
 - Final transcript must be submitted (follow your school's transcript request process)
- Flexible testing options
 - SAT/ACT accepted, but many schools use the **Accuplacer**
 - Accuplacer is Less expensive than taking the SAT/ACT and serves as a placement exam vs. admissions exam. Short-term, career-focused programs
- Programs are typically career focused and completed in 2-years or less
 - Trains students for a specific job in a career field, immediately ready to work
- Train for in-demand careers such as:
 - **Aviation, Criminal Justice, Welding, Cosmetology, Carpentry, Automotive, Medical/Dental Assisting, HVAC, Electrician, Graphic Design, Cybersecurity, EMT, and more!**

**ONE TEAM
ONE GOAL
STUDENT SUCCESS**

Understanding Application Types

- **Early Decision I & II (Binding)** – Cannot apply to other colleges for early decision, but can apply for regular decision. If accepted for early decision, must attend.
- **Early Action (non-Binding)** – Can apply early to other colleges and can apply for regular decision. Will receive an admissions decision before regular decision deadlines.
- **Regular Decision** – Standard deadline date established by the institution, with no priority
- **Rolling Admission** – Open admission; decisions given throughout the year as applications are received and until the limit set by the institution is met
- **Priority Deadline** – Similar to rolling admissions, but priority consideration around financial aid, housing, etc. is typically offered to these applicants

6 Steps of the Application Process

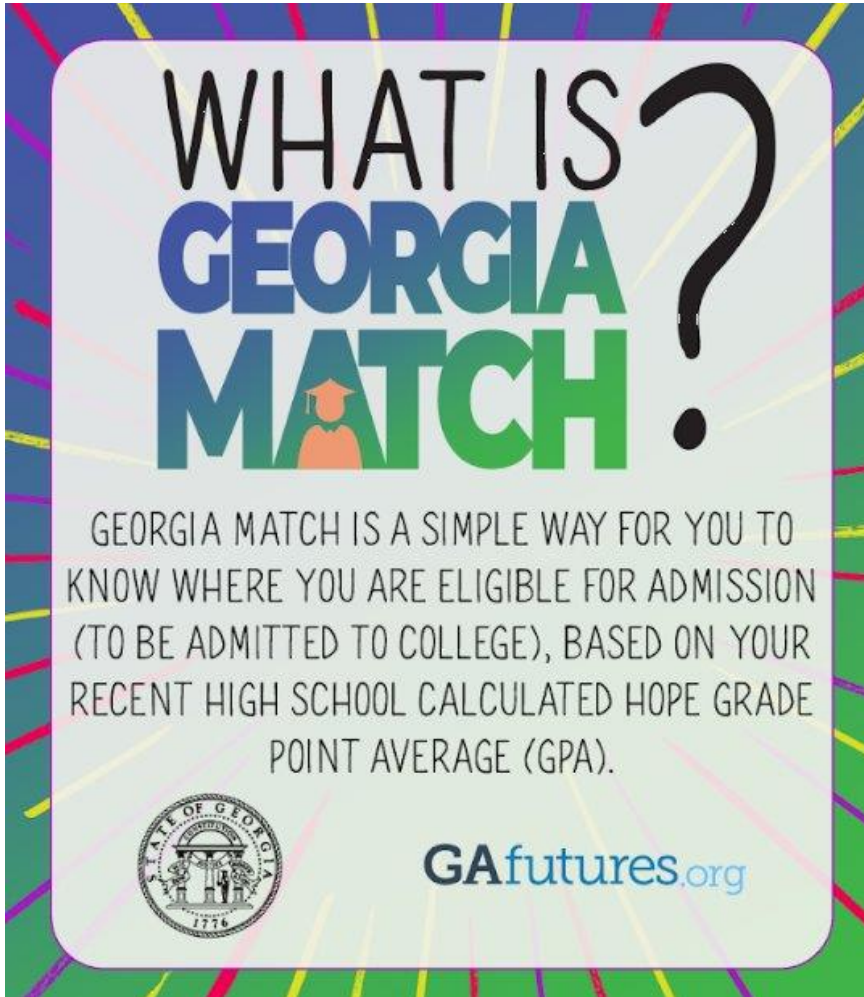

1. Determine what college(s) you're applying to and know their deadline(s)
2. Determine the application type(s) – e.g., Common App, Coalition, Direct to Institution
3. Complete your online profile/submit your application(s)
4. Pay application fee(s)
5. Send your test scores directly from the testing agency – e.g. College Board or ACT
6. Use SchoolLinks – our “delivery system” to: 1) send your official transcript and/or 2) obtain teacher letters of recommendation

Remember, as the student/applicant, be sure to track your admissions status directly from the institutions' websites.

It is highly recommended that you take college campus tours!
Most (if not all) are free and can easily be scheduled online directly from the institution's website.

College Applications Setup

Complete **Part 2: Fee Waiver Eligibility** (can be edited after setup)

The screenshot shows the 'FEE WAIVER ELIGIBILITY' section of the Common App setup. At the top, there are three tabs: 'PERSONAL DETAILS', 'FEE WAIVER ELIGIBILITY' (which is highlighted with a red box), and 'FERPA WAIVER'. Below the tabs, the heading is 'Do you qualify for an application fee waiver?'. The text explains that the cost of applying to colleges can add up and that some colleges waive application fees for students who demonstrate financial need. It asks the user to check off any boxes that apply to them. There are eight checkboxes with the following descriptions: 'Student has received or is eligible to receive an ACT or SAT testing fee waiver.', 'Student is enrolled in or eligible to participate in the Federal Free or Reduced Price Lunch program (FRPL).', 'Student's annual family income falls within the income Eligibility Guidelines set by the USDA Food and Nutrition Service.', 'Student is enrolled in a federal, state or local program that aids students from low-income families (e.g., TRIO programs such as Upward Bound).', 'Student's family receives public assistance.', 'Student lives in federally subsidized public housing, a foster home, or is homeless.', 'Student is a ward of the state or an orphan.', and 'None of the above apply.' Below these checkboxes is an 'OR' separator. At the bottom, there is a note: 'In Common App and Coalition you can request a fee waiver through your MyCoalition or Common App profile. For other applications, we'll help you see if you qualify and request a fee waiver from your counselor if you do.'

Complete **Part 3: FERPA Waiver** (cannot be edited after setup)

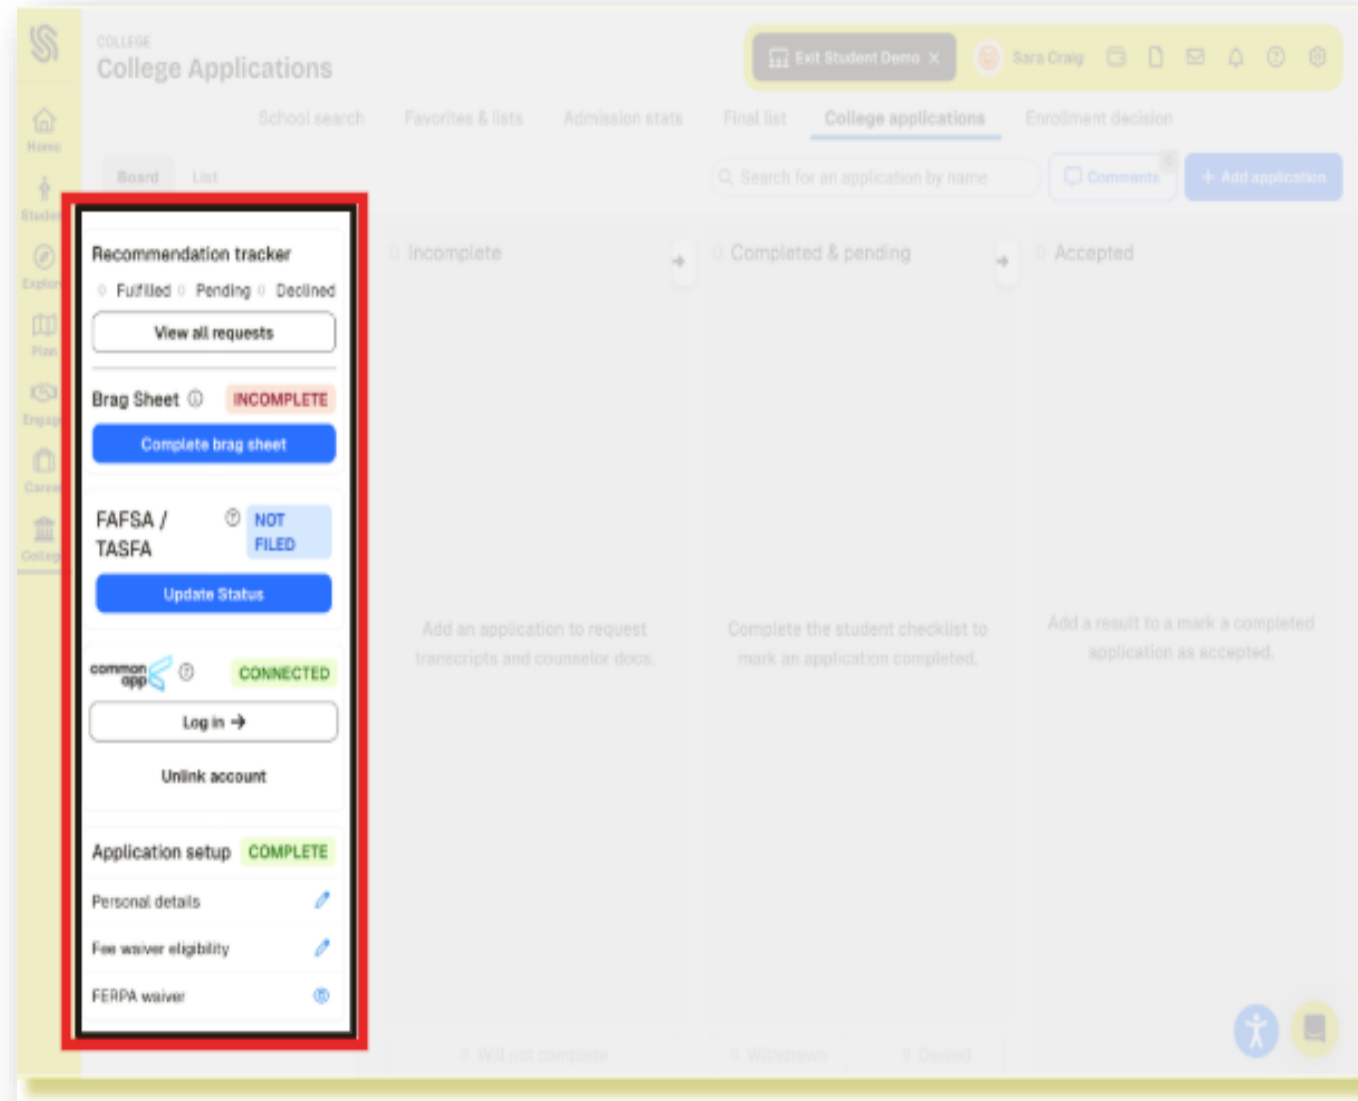

The screenshot shows the 'FERPA WAIVER' section of the Common App setup. At the top, there are three tabs: 'PERSONAL DETAILS', 'FEE WAIVER ELIGIBILITY', and 'FERPA WAIVER' (which is highlighted with a red box). Below the tabs, the heading is 'Complete the FERPA waiver'. The text explains that the user might be asking themselves 'What's FERPA?' and that they're not alone, providing information on what they need to know. It then asks 'How does FERPA relate to your college application?' and lists two bullet points: 'FERPA gives you the right to review letters of recommendation if you are enrolled in college that saves the recommendations, OR you are 18 or older.' Next, it asks 'To waive or not to waive?' and lists two bullet points: 'Waiving your right lets colleges know that you don't intend to read your recommendations, which helps reassure colleges that the letters are candid and truthful.' and 'If you choose not to waive your right, some recommenders may decline to write a letter for you, and some colleges may disregard letters submitted on your behalf.' Then, it asks 'Still unsure how to respond?' and lists one bullet point: 'That is OK. Many students are. Before you move on, take a moment to discuss your decision with your counselor, another school official, or your parent/legal guardian. You can also read our [FERPA Help Article](#).' Below this is a checkbox with the text 'I have fully read and understood the FERPA Release Authorization explanation above.' At the bottom, there are two buttons: 'Back' and 'Finish application setup'.
