Scholarships!

There are different qualifications, award amounts & requirements but the ONE thing they all have in common is that if you want that FREE MONEY, you have to apply which takes time & effort. PHS students have access to scholarships 24/7 in their Naviance accounts. While most (but not all!) are for current Seniors, it doesn't mean that you can't research & prepare for which ones you will apply for during your senior year! You know, PLAN AHEAD!!!
